Questions of the Census Takers

The schedules for 1900 are under five heads: The individual, corporations, agriculture, mortality and special. The questions to put to individuals are: Your age, conjugal condition, place of birth, parents' birthplace, alien or naturalized, number of years in the United States, occupation, months employed, literacy, school attendance and ownership of property. Every person over twenty years is considered a responsible representative of his family. The above questions are the ones you will be compelled to answer. If any further questions are put to you, you may safely ignore them. If you are out, your neighbor next door must answer for you, and he is supposed to know all about you. Refusal to answer or any falsification of facts is a misdemeanor, for which the guilty one will be fined \$100; an alternative punishment, however, providing for the possibility of the delinquent not happening to have the ready money, is not mentioned.

#### WINE OF CARDU Woman's. Crowning Virtue. BELTON, Mo., July 27. For years I suffered terrible pains every month and my doctor told me I could not be cured except by an operation. I felt I could not submit to that and was so despondent I had given up all hopes of a cure. My husband insisted on my trying Wine of Cardui and at last thank God I did try it. Last month I did not have a pain, and did all my work, which I had not done in seven MRS. MINNIE LITTLE. Modesty is the crowning virtue of American women. It is the trait that all mankind admires. A modest woman is the most pleasing of all created things. Because of this becoming virtue thousands of women prefer to suffer untold miseries rather than confide their troubles to a physician, and to even think of submitting to an examination is revolting. They can't get their own consent to an operation. Wine of Cardui permits sensitive women to retain their modesty. With it they can cure female troubles" in the quiet of their own rooms.
